

Audio Visual Services

Multi-Media Service supports classroom instruction and student activities with audio-visual materials and presentation equipment.

Multi-Media Classroom houses the following: Epson Powerlite LCD Projector, ELMO, Mimio Board, Laptop Computer with keyboard, DVD/CD/VHS player, Laser Disc player, Yamaha Sound AV Receiver; all items are remote controlled.

Audio/Visual equipment for circulation includes: a digital camera, a digital video camera recorder, overhead projectors, TV/VCR/DVDs on carts, slide projectors, LCD Projectors, Laptop Computers, 35 mm cameras, screens, CD players, audiotape cassette players, screens, and portable public address systems. Calculators, headphones, portable cassette players, and walkmans are all in-library use only. The library staff will be happy to deliver and setup media equipment with 24 hours notice; not counting weekends.

Audio/Visual materials are available in the library. VHS, DVD's, music cassettes or CD's along with PS2 and XBox games may be checked out for three (3) days with renewal options. Talking books on cassette or CD circulate for 1-week with renewal options.

Title searches and status of materials may be obtained through our:

- CNCC Library Online Card Catalog or**
