## Position Overview

Dr. Dan Maurer & Dr. Jim Maurer

We recently had an opening at our office for a full-time hygienist (one of our current hygienist is moving away). As the job description says below, we are a single, family-owned office that truly cares about providing top quality care and not about the number of patients seen in one day. We feel like we would be a good opportunity for a new grad for all the above reasons. Please pass this info along to any hygienists looking for a position. We have proudly earned our town's top dental office award by the local newspaper several years in a row. They can also view the office via our website at [www.longmontcompletedentistry.com](http://www.longmontcompletedentistry.com).

### Job description

We are looking for a positive, energetic person to join our growing, family owned, local dental practice! We love our patients and want to find someone who truly cares about their oral health! We are looking for a Colorado state registered dental hygienist 3-4 days a week. Every patient has hour long appointments so that you have enough time to provide good quality care and also get to know the people you care for! All equipment and instruments are provided for you. We have just finished a remodel and have new rooms with new handheld radiograph devices and new ultra-sonic units.

Some of the benefits include:

-PTO

-401K matching program

-Continuing education

-Dental care for you and your family

-Lunches and happy hours with the team (we like to have fun too)

Our team is excited to meet you and we look forward to working with you soon.

Job Types: Full-time, Part-time

If you are interested, please reach out to us. We would love to chat about things to see if it would be a good fit for our practice and for your career.
