CNCC Employee Return to Work FAQs #SpartansMaskUp

When will faculty and staff return to work on-campus?
Faculty and Staff are currently on campus, each campus is open. Depending on State and Federal regulations, orders, and guidelines staff will be expected to go remote or return to work when restrictions are lifted. There is no estimated date or timeframe on this and returning to work will assume no new unexpected state or federal health orders or guidance are issued that make this expectation unworkable. Those employees in a vulnerable category for COVID-19, or with special considerations, can work with their supervisor and HR to extend remote work. CNCC flextime allowances and pre-pandemic HR policies around remote work will be updated and will remain in place.
